## Instructions for Poster Abstract Submission

**Deadline: February 1, 2025**

The PHuzzler Case Presentation series is a monthly web-based clinical conference established by the Pediatric Pulmonary Hypertension Network (PPHNet). As in previous years, we are excited to join the PHuzzler team to feature the annual "PHuzzler International Conference edition," a case presentation forum with incorporated mentorship.

We encourage trainees and junior faculty to submit interesting cases to the PHuzzler selection committee. If your case is not selected for presentation, the abstract will be considered for poster and future PHuzzler presentations in the monthly series.

The Program Committee reminds attendees that the material deemed appropriate for presentation at the conference should be original and new scientific work. Work presented elsewhere in the last calendar year will be included. Selected abstracts will be presented in a poster session, and prizes for the best abstracts will be awarded.

### Abstract Preparation

Submitted abstracts must adhere to the following specifications:

### Abstract Title

- The title should be in bold.
