# 41st ANNUAL ADVANCES IN HEART DISEASE

ONSITE and LIVE STREAM MEETING

UCSF

University of California, San Francisco  
Box 0742 • Office of Continuing Medical Education  
490 Illinois Street, Floor 7  
San Francisco, CA 94143-0742

Our 41st annual course will again strive to present topics that highlight new evidence-based medicine findings reported within the last one to two years that impact clinical practice. These will range across a variety of weight loss drugs and heart health, heart failure, contemporary management of arrhythmias, critical care cardiology, mechanical circulatory support, erectile dysfunction and heart health, and pulmonary hypertension.

Our faculty will include a distinguished group of visiting academicians from North America together with outstanding teachers and clinicians from the University of California, San Francisco.

All sessions will be recorded and made available to participants for online viewing 30 days post course.

## TARGET AUDIENCE

This course is intended for cardiovascular specialists, practicing cardiologists, internists, family physicians, cardiovascular and critical care nurses, and physician assistants.
