UCSF ENCEPHALITIS and MENINGITIS SYMPOSIUM

7:00am	<i>Registration and Continental Breakfast</i>	
8:00	Welcome & Overview	Michael Wilson, MD, MAS
8:10	The Scope of Encephalitis and Meningitis	Jeffrey Gelfand, MD, MAS
Panel: Advances in Diagnostic Technologies & Approaches to Clinical Diagnosis		
8:30	Part 1: Antibody Testing: Methods and Implications	Sean Pittock, MD
8:50	Part 2: Latest Diagnostic Technologies for Infectious Encephalitis	Joseph DeRisi, PhD Michael Wilson, MD, MAS
9:10	Part 3: Diagnosing Autoimmune Encephalitis in 2023	Jeffrey Gelfand, MD, MAS
9:40	Part 4: Consensus Criteria for Autoimmune Psychosis	Genalynne Mooneyham, MD, MS
10:00	Panel Q&A	
10:20	<i>Break</i>	
Panel: Infectious Meningitis and Encephalitis		
10:40	Part 1: Pathogens Commonly Encountered Locally	Felicia Chow, MD, MAS
11:00	Part 2: Opportunistic Infections in Immunosuppressed Patients	Michael Wilson, MD, MAS
11:20	Part 3: Meningitis and Encephalitis Globally: Perspective from Zambia (presented virtually)	Deanna Rae Saylor, MD, MHS
11:40	Panel Q&A	
11:50am	<i>Lunch Break (included in tuition)</i>	
DIAGNOSTIC DILEMMAS and HOT TOPICS		
Panel: Neuroimmunology, Behavioral Neurology and Psychiatry		
1:00pm	Part 1: Psychosis, Catatonia and the Emerging Field of Immunopsychiatry	Genalynne Mooneyham, MD, MS
1:20	Part 2: Behavioral Neurology Approaches to Cognitive Impairment from Encephalitis	Michael Geschwind, MD, PhD
1:40	Part 3: Anti-NMDAR Antibodies Cause Long Term Deficits After Developmental En xposure in mice	Sam Pleasure, MD, PhD
2:00	Panel: Q&A	
Panel: Hot Topics		
2:20	Part 1: Cancer Immunotherapy Related Neurologic Disorders	Adil Daud, MD
2:40	Part 2: The Diagnostic Challenge of Chronic Meningitis	Martineau Louine, MD
3:00	Part 3: Clinical Trials for Autoimmune Encephalitis	Stacey Clardy, MD, PhD
3:20	Panel Q&A	
3:40	Break	
4:00	Case Presentations & Diagnostic Thought Process	UCSF Clinicians Stacey Clardy, MD, PhD
4:45	Adjourn	
4:45 – 6:00pm	<i>Onsite Course Reception</i>	

Friday, September 22, 2023

TREATMENT OF ENCEPHALITIS

Panel: Approaches to Treatment

7:00am	<i>Registration and Continental Breakfast</i>	
8:00	Part 1: Treating Infectious Meningoencephalitis	Natasha Spottiswoode, MD, PhD
8:25	Part 2: Treating Autoimmune Encephalitis	Joanne Guo, MD
8:50	Part 3: Practical Approaches to Immunosuppression Prescribing and Safety Monitoring	Jeffrey M. Gelfand, MD, MAS
9:15	Part 4: Inpatient Management of Meningoencephalitis	Megan Richie, MD
9:40	Part 5: Managing Patients with Seizure Disorders and Neuronal Autoantibodies	Manu Hegde, MD, PhD
10:00	Panel Q&A	
10:20	<i>Break</i>	

Panel: Special Considerations in Pediatrics

10:40	Part 1: Outpatient Pediatric Management Considerations	Emmanuelle Waubant, MD, PhD
11:00	Part 2: Inpatient Pediatric Management Considerations	Kendall Nash, MD
11:20	Panel Q&A	

Panel: Patient Perspectives

11:30	Part 1: The Aftermath of Encephalitis: Patient Outcomes and Quality of Life	Ava Easton, PhD
11:50	Part 2: In their Own Words: Patient and Family Stories	Participating Patients and Families
12:20pm	Panel Q&A	

PATIENT AND CAREGIVER-CENTERED EVENT (Non CME)

12:30pm	<i>Lunch with Patients and Speakers (provided)</i>	
2:00 – 4:00pm	Patient Centered Event	
4:00 – 5:00pm	<i>Closing Course Reception</i>
