UCSF Glaucoma Update 2022 in the Napa Wine Country

Silverado Resort & Conference Center • Napa, California

The Glaucoma Update is intended to assist practicing general ophthalmologists improve their ability to treat glaucoma by providing clinical and evidence-based updates in an intimate setting conducive to learning.

■ Saturday afternoon will feature an optional MIGS wetlab where attendees will practice hands-on skills with the latest equipment and expert guidance from the faculty.

OBJECTIVES

The course presents topics based on physician-identified need for practice-based knowledge and application of the most recent advances in ophthalmology and in the management and treatment of glaucoma.

An attendee completing this course will be able to:

- Incorporate new techniques and treatment strategies in the management of glaucoma;
- Incorporate best available evidence and recent clinical research to improve patient assessment and treatment approaches;
- Improve clinical confidence through application of recent advances in ophthalmology;
- Assess and implement new minimally-invasive surgical techniques into both glaucoma and general practice;
- Improve consultations with colleagues and patients regarding future and controversial developments in glaucoma care;
- Enhance the accuracy of clinical examination by implementing methods for successfully obtaining accurate intraocular pressures in glaucoma patients.
