MANAGING CHILDREN WITH LOWER LIMB DIFFERENCES: From Local to Global

Friday, June 2, 2023 • Live Stream

For more course information, please contact:
Alexander Geraldi • Alexander.Geraldi@ucsf.edu

Conference Objectives

- Identify the causes of pediatric lower limb differences (complex limb deformities)
- Discuss the challenges and opportunities in the management of children with lower limb differences globally
- Explore international partnership models rooted in bidirectional learning to enhance the care of children with lower limb differences, irrespective of resource-availability
- Using case-based discussion, identify the potential complications encountered during limb lengthening and strategies to avoid them

Virtual Live Stream

UCSF Office of CME • Box 0742
490 Illinois Street, Floor 8
San Francisco, CA 94143
