## Pediatric Musculoskeletal and Sports Medicine Conference 2024

This live course will include lectures, hands-on workshops, interactive question and answer sessions, that aim to provide an overview of pediatric musculoskeletal conditions and sports-related injuries that are commonly encountered by Primary Care Providers. This course aims to provide a comprehensive learning experience that will improve providers' knowledge, skills, and competence in managing specific conditions. In addition, participants can look forward to learning about our multidisciplinary approach to managing pediatric musculoskeletal and sports-related conditions through evidence-based practices.

### TARGET AUDIENCE

This conference is tailored towards healthcare providers who care for children and adolescents, including primary care physicians (pediatricians or family physicians), advanced practice providers (physician assistants or nurse practitioners), nurses, physical or occupational therapists, and athletic trainers.

### COURSE CHAIRS

Celina de Borja, MD  
Rhonda Watkins, MD MPH  
Thomas Clennell, PT DPT

### COURSE PLANNING COMMITTEE

Michelle Cappello, PT DPT  
Lauren Small, ATC

### FEES • COURSE – MOR23006
