Top Teachers in Body Imaging on Big Island Hawaii

OVERVIEW

The Department of Radiology and Biomedical Imaging at the University of California, San Francisco invites you to attend its annual Body Imaging on the Big Island course on **January 19-24, 2025**. The course will present a comprehensive review of clinically relevant topics in thoracic and abdominopelvic imaging, with special attention to imaging findings, reporting and management guidelines, and multimodality evaluation.

Presentations will review indications that are commonly seen in general practice and will highlight state-of-the-art imaging approaches. Additional special sessions will be interactive, with real-time review of unknown cases by faculty and attendees.

Thoracic topics will include emergent conditions such as pulmonary embolism, acute aortic syndrome, and hemoptysis, as well as a variety of diffuse lung diseases, thoracic malignancies, and incidental findings commonly encountered on thoracic imaging studies.

Abdominopelvic topics to be addressed include masses and malignancies of all major organs, emergent gastrointestinal conditions, and multimodality evaluation of transplant donors and recipients. Additional sessions will highlight procedures commonly performed by body radiologists, and the imaging evaluation of post-procedural complications.

ACCREDITATION

In support of improving patient care, the University of California, San Francisco is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

UCSF designates this live activity for a maximum of **25.00 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the live activity.

This CME activity meets the requirements under California Assembly Bill 1195, continuing education and cultural and linguistic competency.

Nurses

For the purpose of recertification, the American Nurses Credentialing Center accepts *AMA PRA Category 1 Credit™* issued by organizations accredited by the ACCME.

Physician Assistants

AAPA accepts category 1 credit from AOACCME, Prescribed credit from AAFP, and AMA category 1 credit™ for the PRA for organizations accredited by the ACCME.

OBJECTIVES

An attendee completing this course will be able to:

- Identify important imaging characteristics of diffuse lung diseases on HRCT, to arrive at an appropriate diagnosis or differential diagnosis
- Identify various forms of bowel ischemia and understand key pathophysiology that contributes to imaging appearance
- Apply appropriate imaging protocols to the MRI evaluation of rectal and prostate cancer, and identify key disease features permitting accurate diagnosis and staging
- Understand the importance of incidental findings in thoracic imaging studies, and recommend appropriate next diagnostic or management steps
- Detect post-procedural complications that may arise in the abdomen and pelvis, and report them in a manner most helpful for further patient management
- Identify and give an appropriate differential diagnosis for lesions in the kidneys, pancreas, spleen, liver, and other organ systems
- Sonographically assess the post-transplant liver, kidney, and pancreas, and accurately characterize common vascular and parenchymal complications.
- Characterize pulmonary nodules, understand potential underlying etiologies, and recommend appropriate imaging surveillance and/or other patient management

CONFERENCE LOCATION

The Big Island is the birthplace of King Kamehameha I, the leader who united all of the Hawaiian islands by 1810 and is the anchor of the island chain. The home of Madame Pele, the fire goddess of volcanoes, Big Island Hawaii is the largest and youngest island in the Hawaiian chain and with the current volcanic activity, it is still growing. Hawaii's varying and dramatic climate zones generate a world of environments on one island, including lush rain forests, volcanic deserts, snow-capped mountaintops, and beautiful black sand beaches.

Located on the sunny and dry west side of the island along the beautiful Kohala Coast, the AAA Four Diamond **Fairmont Orchid** offers a luxury

oasis where the aloha spirit comes alive. Nestled along 32 oceanfront acres, guests can explore world-class beaches, underwater marine life in a private bay, or lounge under palm trees by the spacious pool. With its exceptional resort amenities, including the open-air Spa Without Walls, oceanfront fine dining, and unique Hawaiian cultural experiences, Fairmont Orchid is among the best luxury resorts in the Hawaiian islands.

A block of guestrooms has been reserved at special UCSF conference rates:

\$489 Garden View

\$539 Partial Ocean View

\$559 Ocean View

\$889 1-Bed Ocean View Suite

\$1089 1-Bed Ocean Front Suite

+ \$30 discounted nightly resort fee

*Room Rates shown do not include room tax, resort fee and gratuities

The cut-off date is **December 19, 2024**, or until the group room block is filled. After this date, rooms will be provided on a space-available basis only.

You may make hotel reservations on-line by visiting the course webpage on our website at <https://virtualce.ucsf.edu/body-imaging-big-island-hawaii>

Please click on the reservations link for a direct link to online reservations

If you prefer, you can phone Fairmont reservations at (800) 441-1414 and identify yourself as a member of this UCSF conference to receive the special rate.

By staying at the host hotel in the UCSF room block, you help UCSF meet its contractual obligations and keep registration fees reasonable. Please take this into consideration when making your accommodation decisions.

REFUND POLICY

Cancellations received in writing before by **January 13, 2025** will be refunded, less a **\$100** administrative fee. No refunds will be made on cancellations received after that date.
