2025

## OVERVIEW

This course for neurointerventionalists, cerebrovascular and endovascular neurosurgeons, vascular neurologists, and scientists will provide an update on the rapidly developing field of neuroendovascular surgery and related sciences. Beginning with embryology and molecular genetics for key neurovascular diagnoses, we will then broaden our view to development in normal and disease states, implications for current treatment approaches, and research directions. Eminent faculty will teach in an informal, interactive format. In addition to lectures, there will be opportunities for one-on-one and small group mentorship as well as time for recreational activities in the lovely setting of Palm Springs.

## LECTURE SESSION FORMAT

Invited speakers will prepare a didactic lecture of 8-10 minutes in length, and follow this with a 5 minute case presentation that links to the concepts introduced in the lecture. In addition, each session will have an expert panel to ask questions of the speakers and foster discussion with audience participation for 8-10 minutes after each talk. At the end of each session there will be a 15-20 minute focused case presentation and discussion highlighting a clinical correlation of one or more of the topics discussed in the session, presented by the chair of the expert panel.

## COURSE OBJECTIVES

An attendee completing this course should be able to:

- Improve endovascular techniques and treatment of cerebral arteriovenous malformations and fistulas
- Incorporate the latest evidence in pathology, natural history, and treatment for central nervous system disorders
- Apply updated anatomical and pathophysiologic knowledge regarding the development of intracranial vasculature and its abnormalities to the understanding of pediatric and adult cerebrovascular disease.
- Incorporate into practice the latest techniques in the management of intracranial aneurysms
- Improve the management of acute stroke using the most up-to-date data and studies;
- Recognize and understand the nuances of surgical and interventional management in arteriovenous shunting disorders
- Improve patient outcomes through medical and surgical management of intracranial hemorrhagic disorders
- Provide modern management of cerebrovascular disorders based on current data
- Use modern management techniques in the management of team-building for comprehensive neurointerventional services

#### COURSE CHAIRS

**Steven W. Hetts, MD, FACR**

Professor of Radiology and Biomedical Imaging, and of Neurological Surgery  
University of California, San Francisco

**Daniel Raper, MBBS**

Assistant Professor of Neurological Surgery, Radiology and Biomedical Imaging  
University of California, San Francisco

#### GUEST FACULTY

**Dina Chon**

Executive Director  
The Aneurysm and AVM Foundation (TAAF)  
San Francisco, CA

**Marianne S. Clancy, MPA**

Executive Director and Senior Director,  
Strategic Partnerships  
Cure HHT, Monkton, MD

**Seon-Kyu Lee, MD, PhD**

Professor of Radiology and of Neurosurgery, Albert Einstein College of Medicine; Director, Pediatric Neurointervention, Montefiore; Program Director, Endovascular Neurosurgery/Interventional Neuroradiology Fellowship, Bronx, NY

**Michael Levitt, MD**

Professor of Neurological Surgery and of Radiology  
University of Washington School of Medicine, Seattle, WA

**Adel M. Malek, MD, PhD, MBA, FAANS**

Professor of Neurosurgery, Neurology, and Radiology  
Tufts University School of Medicine, Boston, MA  
Chief, Neurovascular Surgery  
Director, Cerebrovascular and Endovascular Division, Department of Neurosurgery  
Tufts Medical Center, Boston, MA

**Charles E. Stout, MD, PhD**

Director of Neurointerventional Surgery  
Riverside Community Hospital,  
Riverside CA  
President and CEO of California  
Neurointerventional Surgeons (CNS)

**Michihiro Tanaka, MD**

Director of Neurocenter,  
Department of Neurosurgery and  
Neuroendovascular Surgery  
Kameda Medical Center, Chiba, Japan

#### UCSF FACULTY

**Daniel Cooke, MD**

Associate Professor, Departments of Neurosurgery and of Radiology and Biomedical Imaging

**Cathra Halabi, MD**

Associate Professor of Neurology  
Neurorecovery Program Chief,  
Neurovascular Division  
Founding Director, Neurorecovery Clinic

**Anthony Kim, MD, MS**

Professor of Neurology  
Erich Fried Endowed Professor of Vascular Neuroscience

**Sasha Mortezaei**

Associate Chair and Chief  
Administrative Officer  
Department of Neurological Surgery

**Kazim Narsinh, MD**

Assistant Professor, Departments of Radiology and Biomedical Imaging and of Neurological Surgery

**Stanley B. Prusiner, MD**

Professor of Neurology  
Director, Institute for Neurodegenerative Diseases

**David Saloner, PhD**

Professor of Radiology and Biomedical Imaging

### GENERAL INFORMATION

Advanced registration closes on March 17, 2025. Onsite registration fees, if applicable, will be applied after this date.

#### Registration Fees:

##### Early Bird By 12/31/24

\$575 Physicians  
\$475 Advanced Practice Professionals/Nurses  
\$375 Residents/Fellows

##### Regular Fee After 12/31/24

\$650 Physicians  
\$550 Advanced Practice Professionals/Nurses  
\$450 Residents/Fellows

##### On Site Fee After 3/17/25

\$700 Physicians  
\$600 Advanced Practice Professionals/Nurses  
\$500 Residents/Fellows

**On-Site Registration:** Generally we are able to accommodate on-site registration at our courses however pre-registration is preferred to ensure that we have adequate course materials.

### SYLLABUS

The syllabus will be distributed electronically approximately 1 week prior to the course.

#### REFUND POLICY

Cancellations received in writing before by **March 18, 2025** will be refunded, less a **\$100** administrative fee. No refunds will be made on cancellations received after that date.

### ACCREDITATION

In support of improving patient care, the University of California, San Francisco is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

### Physicians

UCSF designates this live activity for a maximum of **15.00 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the live activity.

### Nurses

For the purpose of recertification, the American Nurses Credentialing Center accepts **AMA PRA Category 1 Credit™** issued by organizations accredited by the ACCME.

### Physician Assistants

AAPA accepts category 1 credit from AOACME, Prescribed credit from AAFP, and AMA category 1 credit™ for the PRA for organizations accredited by the ACCME.

### Pharmacy

The California Board of Pharmacy accepts as continuing professional education those courses that meet the standard of relevance to pharmacy practice and have been approved for **AMA PRA Category 1 Credit™**.

### CONFERENCE LOCATION

Surrounded by four picturesque mountain ranges and long sought-after by travelers for its inspiring scenery and sense of adventure, Greater Palm Springs is Southern California's most storied resort oasis. Greater Palm Springs encompasses nine cities in the Coachella Valley — Palm Springs, Desert Hot Springs, Cathedral City, Rancho Mirage, Palm Desert, Indian Wells, La Quinta, Indio, and Coachella — each offering its own blend of experiences as endless as their blue skies. With an average of 350 days of sunshine a year and fed by a deep underground aquifer, the desert gushes to life in regal palm groves and fabulous swimming pools.

Nestled in a cove of the Santa Rosa Mountains, the **Grand Hyatt Indian Wells Resort and Spa** offers a variety of world-class accommodations, total wellness services, and outdoor recreation opportunities. Experience a brand-new water park with a lazy river, splash pad, and dueling water slides, making it the ultimate year-round destination.

A block of guestrooms has been reserved at the special UCSF conference rate starting at **\$379/night** plus a discounted \$25 nightly resort fee. You are urged to make your reservations early. The cut-off date is **February 26, 2025**, or until the group room block is filled. After this date, rooms will be provided on a space-available basis only. To make hotel reservations on-line, go to **[radiology.ucsf.edu/cme](https://radiology.ucsf.edu/cme)** and click on the hotel link in the Travel & Lodging section of the course webpage.

*By staying at the host hotel, you help UCSF meet its contractual obligations and keep registration fees reasonable. Please take this into consideration when making your accommodation decisions.*
