2025

OVERVIEW

The Department of Radiology at the University of California, San Francisco invites you to attend the **Imaging Update on Maui** course on October 19-24, 2025. The course will take place at the **Hyatt Regency Maui** located in Kaanapali on the shores of West Maui.

This course encompasses a diverse review of conventional and advanced imaging of the breast, chest, abdomen, central nervous system, and musculoskeletal system. The goal is to enhance the interpretation of imaging studies acquired in a wide range of common clinical scenarios. The course will provide an update on a variety of established clinical applications but will also cover emerging technologies. Practical approaches to imaging interpretation will be presented so as to be useful to radiologists from all types of clinical practice.

COURSE OBJECTIVES

An attendee completing this course will be able to:

- Minimize interpretation errors
- Form appropriate differential diagnosis based upon multi-modality imaging of the key organ systems
- Apply strategies to minimize the exposure of patients to radiation
- Accurately interpret subtle and challenging mammographic signs of breast cancer
- Recognize pitfalls in the imaging of patients with treated and untreated lung cancer
- Describe key findings of disease of the brain and spine on MRI
- Recognize imaging signs of joint dysfunction in the knee, shoulder, ankle, and foot
- Optimize CT, MR and US for evaluation of pathologies involving the genitourinary and gastrointestinal tracts

CONFERENCE LOCATION

Kaanapali is a three-mile stretch of beach that has been touted as one of the best beaches on Maui, and even in America. Long ago, these sands and lush gardens were enjoyed by Hawaiian kings and queens who sought a relaxing, rejuvenating retreat. The land itself was once comprised of green sugar cane and taro, grown with the help of the Maui sun and a freshwater spring. This magical spot is steeped in culture, from when it was used as a training ground for Hawaiian warriors in ancient times, to the romantic days of "Old Hawaii" in the '30s and '40s, to the present.

Today, couples, friends, and families still gravitate here for all this renowned beach has to offer providing the best of the best, with easy access to everything you want to see and do. For beauty, excitement, convenience, and comfort, it simply can't be matched.

An oceanfront oasis on world-renowned Ka'anapali Beach, the newly reimagined 40-acre, pet-friendly **Hyatt Regency Maui Resort and Spa** is a AAA Four Diamond-rated hotel offering an unforgettable getaway in paradise. Enjoy a half-acre pool with a dedicated water playground for keiki (kids), an on-site lu'au, rooftop stargazing, oceanfront golf, a beachfront spa, cultural activities, and true Hawaiian aloha spirit.

A block of guestrooms has been reserved at the following special UCSF conference rates starting at **\$349 single/double** occupancy + \$10 discounted nightly resort fee.

You are urged to make your reservations early. The cut-off date is **September 18, 2025**, or until the group room block is filled. After this date, rooms will be provided on a space-available basis only. You may make hotel reservations by reservation link that can be found on the course website at: <https://cme.ucsf.edu/ucsf-imaging-update-2025-maui>

Please click on the reservations link for a direct link to online reservations.

By staying at the host hotel, you help UCSF meet its contractual obligations and keep registration fees reasonable. Please take this into consideration when making your accommodation decisions.
